## HOLLYWOOD PROFESSIONAL SCHOOL

is an accredited college preparatory school, which was established for the purpose of offering a strong academic foundation to professional students actively engaged in motion picture or radio work. The large enrollment of non-professional students and those studying intensively in some branch of the cultural arts, attests the adaptability of the program. The school's educational ideal may be briefly expressed as the desire to give training and advice which will enable the student to achieve his highest potentialities.

Significant among the many contributing factors to the realization of this objective, is the guidance program. Each student's course of study is planned according to his interests, talents, and objectives. By developing those qualities and skills which will enable him to find gainful employment and to become a desirable member of his community, he is prepared for economic independence. Aesthetic and cultural subjects are considered essential as preparation for leisure time. As a result of this integrating program and personalized instruction, graduates have been able, not only to bring credit to themselves and to the school, but to "keep pace with an ever-changing world."

## PHILOSOPHY

The Hollywood Professional School is a co-educational day school, which was established for the purpose of offering a strong academic foundation to professional students actively engaged in motion pictures, television, radio broadcasting, and amateur and professional athletic competition, or students devoting part of their time to the development of special talents in the cultural fields. Its scope has enlarged to include many non-professional students who have found the personalized instruction, the four-hour school day, and the opportunity for competent, friendly assistance ideal in meeting their educational needs.

The four-hour morning sessions from 8:45 to 12:45 permit the professional student to rehearse, prepare for auditions and interviews and study in a chosen professional field; the non-professional student may practice and perform in areas of his own interests during the early afternoon hours.

### EACH PUPIL SHOULD:

1. Understand the heritage of our nation, including American institutions and ideals.
2. Think clearly about national and international affairs.
3. Be helped to develop self-discipline of mind and body.
4. Appreciate the cultural heritage of world civilizations.
5. Meet college entrance requirements in the fields of United States history, American government, English composition, literature, oral expression, algebra, geometry, laboratory science, foreign language with a written literature, and advanced courses in mathematics or foreign language, or laboratory science for entrance to a state university.
6. Understand the importance of literature, art, music, and allied fields as facets of human development and creative expression.
7. Acquire skills in mathematical processes.
8. Understand the basic methods of biological and physical sciences.

THE WHITE HOUSE

WASHINGTON

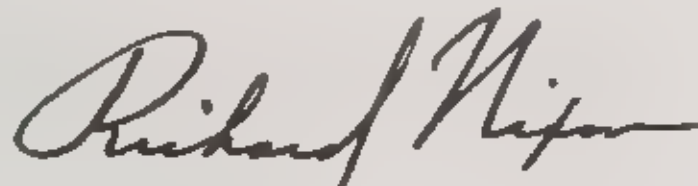

TO THE 1973 HIGH SCHOOL GRADUATES:

On graduation day this spring, you harvest the fruits of twelve years of hard work and you savor the taste of achievement. It is a time for pride. As your families, schools, and communities let you know how proud they are of what you have done, I want to say on behalf of all Americans that your country is proud too.

But it is also a time to look forward. Your education will continue in the years ahead -- whether on a campus, at a job, in the home, or in uniform. I encourage you to use your opportunities to the full, living to help others and to better yourselves and wringing every drop of learning out of life's adventure.

Adventure it will be, and a greater one than any young men and women before you have ever enjoyed. The world in 1973 is stirring with renewal and eager for what you have to share. For the first time in your lifetime, the world is entering an age of peace, and the Nation feels the promise of a new era of progress.

America's 200th birthday is approaching, and the third century that begins then will belong to you. It will be exciting to see what you will make of it -- and of yourselves.

Dear Mr. Levoy:

I am pleased to inform you of your academic efforts and significant achievement. As a result of your participation in the National Merit Scholarship Program, your name has come to the attention of the Admissions Office at the United States Military Academy. Many of the strict criteria which you have so easily met for National Merit Scholarship competition are similar to the criteria we use at West Point for selecting young men for admission to the Academy.

Today, more than ever before, the need exists for talented young men, such as yourself, to be prepared to furnish the imaginative leadership necessary to keep our nation the most advanced in the world. To meet this challenge, West Point annually provides an opportunity for 1360 qualified young men to receive an outstanding undergraduate education at government expense. This is a privilege which is open to their training and development as Regular Army Officers - leaders of tomorrow.

COLETTE FACIO

1973

Dear Colette,

It is a pleasure to congratulate you on the honor of being named Homemaker of Tomorrow for your school. You can wear your award with pride, knowing that it stands for qualities of understanding and high values which will stand you in good stead all the rest of your life.

Your future holds the exciting possibility that you may go on to be named Homemaker of Tomorrow for your state or even All-American Homemaker of Tomorrow, with the college scholarships these honors carry with them.

For the distinction you have already won, we at General Mills - like your family and friends - are proud of you.

Cordially,

*Betty Crocker*

**for the American Homemaker of Tomorrow**

**GENERAL MILLS, INC.**

This test is part of General Mills' Betty Crocker Search scholarship program. In addition to basic homemaking skills, it probes the girls' knowledge, attitudes and understandings in areas that cut across today's broad secondary school curriculum. Open to all senior girls, the Betty Crocker Search seeks to help build in young women a deeper appreciation and understanding of the American home in our society.

## FOUR SEASONS IN THE WOODS

CATARACTS FALLING;  
SPRING IS CALLING.  
PLANTS ARE BLOOMING,  
CREATURES ARE GROOMING.

SUMMER COMES  
WITH PLENTY FOR ALL,  
HAPPINESS ABOUND  
FROM THE WOOD-THRUJHS CALL.

FALL COMES QUICKLY;  
LEAVES HEAVE A FAREWELL SIGH,  
THE SQUIRRELS MUST GATHER  
THEIR WINTER SUPPLIES.

WINTER HAS COME,  
AND SOME ARE SLEEPING,  
SOME ARE PLAYING,  
AND SOME ARE WEEPING.

A WOODLAND YEAR  
HAS PASSED AWAY;  
AGAIN COMES SPRING  
WITH THE BREAK OF DAY.
